

QUALITY POLICY

The management of G.T Coulson Fabrication Ltd is committed to continually improve the effectiveness of the Quality Management System. These will be achieved by:

Establishing and reviewing quality objectives at relevant functions within the organisation. These objectives will meet customer, statutory and regulatory requirements.

Quality objectives will be measurable and will be monitored for evidence of achievement.

Human resources provided will be assessed for competence.

Customer requirements will be determined and fulfilled with the aim of enhancing customer satisfaction.

The management will ensure that this quality policy is implemented and understood within the organisation by training all personnel to carry out their tasks effectively.

The quality policy will be reviewed during the annual management review to ensure that the company objectives and goals are achieved.

Mr Andrew Coulson
Managing Director
